10am - 12noon

Six ID round

12 noon - 2pm

One Laboratory Round & Three Case Discussions

Two presentations

1 patient case + your project

Two Bedside

Every Friday (except public holiday)

Friday or other weekdays (make arrangement with your supervisor)

Nov 2011
Infectious Diseases Rounds – all Fridays 10AM-12 Noon

http://www3.ha.org.hk/qmh/qmfloorplan.htm
Revisit ID round on web

http://www.hku.hk/hkucoi/
Literature review

- Two unrelated topics
- Not the same topic of your presented case
- Not on a topic with a lecture in the courses
- Full Medline search
- At least 3000 words (exclude references)
- In the format of “Review” articles in Journals
Literature review

Submit your Titles for approval before 31 Mar 2012

VII. TEMPLATE FOR SUBMISSION OF TITLES FOR LITERATURE REVIEW

Mr Kevin Lau
Course Director
Postgraduate Diploma in Infectious Diseases
Department of Microbiology
The University of Hong Kong
Room 422, University Pathology Building
Queen Mary Hospital
Pokfulam Road
(E/Mail: 2955 1241)

Dear Mr. Lau

Re: Titles for Literature Review (2011-2013)

Please find attached the list of topics for literature review with my supervisor. The agreed titles are:

Title one
Title two

Thank you for your attention.

Yours sincerely,

Signature:

Name of candidate

Date:

(If this letter should be completed and sent by fax to 2955 1241 or by email to the Department of Microbiology, The University of Hong Kong, Room 422, University Pathology Building, Queen Mary Hospital, Pokfulam Road, Hong Kong on or before 31 Mar 2012, a hard copy of the letter should be attached.)

This form may be amended from time to time and candidates are required to download the latest version at http://www.ccm.엠학처.소/
The proposal should be about two pages in length and consist of the following sections:

1. Title of project
2. Background
3. Objectives
   - e.g. To find out the prevalence of MRSA nasal carriage among patients admitted from nursing homes to a regional hospital
   - e.g. To describe the clinical features and outcome of 50 patients with acute pericarditis in a regional hospital from 1995–2000
4. Design
   - e.g. prospective or retrospective study; observational or interventional
5. Setting
   - e.g. in-patients or out-patients, name of institute(s) for the proposed study
6. Duration of study
   - e.g. four years retrospective review from 1997–2000
7. Patients
   - e.g. number of subjects recruited
8. Measurements
   - e.g. demographic data, clinical features, microbiology results
Nov 2011

Submit your Project proposal for approval before 31 May 2012
